Press Release,

ENOUGH IS ENOUGH

The entire members of Petroleum & Natural Gas Senior Staff Association of Nigeria (PENGASSAN), hereby express for the umpteenth time, the need for Government and other Stakeholders to stem the ugly trend of kidnapping and destruction of Oil installations and infrastructures across the Country.

Government decisive decision in the development of Niger-Delta is germane and criminality should immediately be separated from the genuine agitation for development to take place.

The lives of our members, family and those in our work locations cannot continually be at risk, while Government and other Stakeholders play politics at the expense of the unity of the Country and its Citizens.

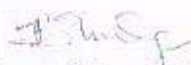

We say enough is enough; else, we may have no other option than use alternative source of dispute resolution and take our destiny in our hands.

The Federal and State Governments, are hereby called upon to wake up to their responsibilities of providing security and enabling environment to allow Oil workers do their work and those in our work locations live in peace.

We also call on those engaged in the destruction of strategic public facilities to sheath their sword and engage the Government in constructive dialogue that will bring about positive change as what is presently going on is the gradual dismantling of our Oil facilities albeit, our Industry and our Country.

Enough is enough! ! !

Yours faithfully,
for: **PETROLEUM & NATURAL GAS SENIOR STAFF
ASSOCIATION OF NIGERIA (PENGASSAN)**
